HEALTH INSURANCE

Participation in the Basic Plan is compulsory (with right of exemption). Participation in Complementary Packages 1, 2, 3 and 4 is optional. Unless otherwise specified, expenses are reimbursed at 80% and the amount indicated, if any, is the maximum reimbursable amount, per insured. To be eligible, expenses incurred for services or supplies, examinations, care, expenses or their surplus must meet the reasonable standards of the common practice of the health professionals involved.

Benefits indicated with an asterisk (*) require a medical prescription to be eligible for reimbursement.

PRESCRIPTION DRUGS*

Reimbursement

All eligible expenses are reimbursed at 80%. If you choose to purchase a brand name drug instead of any existing generic equivalent, the amount of reimbursement will be determined in accordance with its lowest cost generic equivalent⁽¹⁾. Besides, the amount taken into account in the calculation of the annual out-of-pocket maximum will be based on the lowest cost generic equivalent.

⁽¹⁾ It is possible to obtain a reimbursement based on the cost of the brand name drug that cannot be substituted for medical reasons, by submitting the appropriate form, duly completed by the attending physician. All professional fees required to complete the form are at the expense of the insured and SSQ must approve the request.

Compulsory Basic Plan

- Products on the regular list / Direct payment card
- 80% of eligible expenses (100% if the annual out-of-pocket exceeds \$987 / certificate)

Optional Complementary Packages 1, 2, 3 and 4

- 80% of eligible expenses (100% for Travel Insurance with Assistance, Trip Cancellation Insurance and hospital expenses in Canada (semi-private room))
- The four optional complementary packages provide you with additional coverage and benefits. Please refer to the table on the next page for the benefits available in each package.
- It is possible to participate in the Compulsory Basic Plan only without participating in any complementary package.

You can **participate in one or many complementary packages**. However, when you choose a package, you must complete the **minimum participation period of 24 months**. Each package has its own minimum participation period of 24 months.

You are allowed to **increase your Health Insurance coverage at any time**, without the requirement for evidence of insurability or life event. The increase or decrease in coverage under the Health Insurance plan will be effective on the first day of the pay period following the date the request is received by your employer.
